

Setting goals can be difficult, keep these characteristics in mind as you establish your goals.

- **specific**: your goal is a detailed plan, not a general idea
- **measurable**: your goal needs to easily measured to determine if you have achieved it (use numbers)
- **action-oriented**: your goal calls you to action, to do the next step now!
- **realistic**: you can reach your goal and it makes sense with what you want in life
- **timely**: you have dates of completion for the various steps you're taking
